

IMPACTO® SPECIALTY GLOVE

Utilizing Visco-Elastic Polymer (VEP) Padding Protects the fingers from Impact and Shock

Model **202-30**

- 3-finger glove protects the thumb, index and middle fingers
- Soft pearl leather palm and back for dexterity and abrasion protection
- The back has nylon fabric for comfort
- VEP 1/8" padding in the top of the fingers to protect from impact and shock
- Half finger style leaves fingers open for tactile feedback and mobility
- Elastic wrist with hook and loop wrist closure
- Protects from mechanical stress and relief on pressure points
- Used in electronic assembly such as installation of plastic chips and rivets, brake tube and wire harness installation

IMPACTO anti-impact gloves utilize Visco-Elastic Polymer (VEP) padding. VEP has excellent impact absorbing and shock dissipation qualities as well as absorption of higher levels of vibration. VEP is made from polyurethane with additional chemicals that increase its viscosity level. It is effective in redistributing and reducing local pressure on the area padded. VEP will not "compression set", making it extremely durable to stand to rigorous repetitive tasks. IMPACTO offers a large line of VEP padded gloves to suit customized needs.

Sizing: Measure the circumference of the hand at the base of fingers.

Washing: Hand wash in cold water and soft detergent. Do not bleach, do not dry by machine, do not dry clean.

Glove	Hand	Circumference
Small	7	7" - 8" / 18-20 cm
Medium	8	8" - 9" / 20-23 cm
Large	9	9" - 10" / 23-28 cm
X-Large	10	10" - 11" / 28-33 cm
