69 ABOUT IMPACTO®

INDUSTRIES AND TECHNOLOGY

VIBRATION PROTECTION

Hand-Arm Vibration Syndrome (HAVS) and repetitive trauma associated with excessive vibration is a significant health problem which affects millions of workers. IMPACTO is a leader in this field, offering the most PPE solutions for HAVS and RSI

AIR GLOVE US PATENT NO. 7,865,969

The patented IMPACTO AIR GLOVE® reduces vibration transmission to help prevent job specific trauma while still allowing full range of motion and manual dexterity. Multiple, individual air chambers in the Bubble Glove® Air Bladder are less susceptible to failure and ensure optimal glove functionality. Lightweight, soft and adaptable, the air bladder technology conforms to the flex-lines of the hand, minimizing grip stress and providing greater tool control. A urethane construction provides consistent protection that is durable, yet thin and pliable to remain flexible around tool handles. IMPACTO® full finger Air Gloves® exceed the ANSI S2.73-2002 (R 2007) / ISO 10819 Anti-Vibration Glove Standard.

IMPACT PROTECTION

Every year, hand and arm injuries caused by repetitive shock cost industries millions of dollars in health care. Musculoskeletal injuries have been identified as the most frequent type of workplace injury.

VISCO-ELASTIC POLYMER (VEP) PADDING

VEPs are solids that mimic the behavior of liquids, which allow dissipation of shock waves better than any other material. VEP absorbs shock waves in all directions, reforming to its original shape at a rate that is slow enough

to not exert outward pressure, but fast enough to regain its original shape before the next shock. In laboratory tests, VEP has been proven to absorb up to 500% more shock than foam of the same thickness.

REPETITIVE STRAIN INJURIES (RSI)

Repetitive Strain Injuries (RSIs) are an everyday concern in many industries. They can occur in almost any part of the body including the wrist, elbow, back, neck, hip, knees and ankles. IMPACTO® products use a number of materials and therapeutic technologies to help prevent and treat RSIs.

THERMO WRAPS

IMPACTO® THERMO WRAPS provide natural heat therapy for prevention, treatment and rehabilitation of injuries, arthritic pain and repetitive strain. Worn directly against the skin, THERMO WRAPS captures body heat, increase circulation and provide compression and support.

PATENTED AIR BELT® TECHNOLOGY

The Air Belt is a uniquely designed, inflatable lumbar support that can be conveniently worn inside or outside of clothing without restricting normal mobility. When inflated the interconnected air chambers conform to the back applying forward pressure that supports and naturally massages to reduce muscular discomfort, while encouraging proper alignment of the lower back. This unique design provides optimum anatomical conformance, keeping the muscles properly elongated and in a resting state and less prone to injury.

CERTIFICATION AND COMPLIANCE

IMPACTO products are manufactured with the highest quality materials, design and processes. We spend considerable time and effort in developing quality protective equipment that conforms with international safety standards. These standards can be recognized by the following icons:

UNIT OF MEASURE - Indicates how a product is sold; in pairs (PR), individually left (LH), right (RH) or ambidextrous (EA) or by case (C)

BAGGED ITEM - Indicates a product is sold in bags. The number indicates the quantity of products per bag.

CE COMPLIANCE - Product meets the strict European safety guidelines for Personal Protective Equipment.

CSA CERTIFIED - as per Standard Z334-14 - Protective Footwear. Class 7231 02 - Occupational Health & Safety Products - Grade 1: over the shoe Toe Protectors withstands impact velocity minimum of 3.32m/s.

STEEL TOE COMPLIANCE - Steel toe cap complies with ASTM Standard F 2412/F 2413 for a 75 lb impact (I/75) and compression (C/75) resistance rating.

PUNCTURE COMPLIANCE - Insole complies with ASTM F 2412/F 2413 and meets a minimum Puncture Resistance of 270 lbs (PR).

ANSI / ISO 10819

ANSI / ISO 10819 - Gloves are in compliance with International Anti-Vibration Glove Standard EN ISO 10819:1996 and North America ANSI S2.73-2002 (R 2007) / ISO 10819:1996.

4544

EN 388 - Gloves are in compliance with EN 388 - Protective Gloves Against Mechanical Risks. Numbers identify the performance level for abrasion, blade cut, tear, and puncture resistance respectively.

EN 14404+A1:2010

EN 14404+A1:2010 - Knee pads are certified as per EN 14404:2004+A1:2010 for penetration resistance, force distribution, shock absorption and are approved for working in a kneeling position.

6,968,634

PATENT NUMBERS - Indicates a product has an existing or pending US/CDN or International Patent for the technology it uses.

USA INS. HCPCS
CODE L3485

USA INSURANCE CODE - Indicates a products HCPCS or HCFA code for medical insurance purposes.

APMA SEAL OF ACCEPTANCE - Indicates product promotes good foot health as per the American Podiatric Medical Associations (APMA) standards.

05

HAND PROTECTION

Your hands are very important. That's why we've developed over 300 different styles of gloves to suit customized needs. Browse anti-impact protection for padded gloves or our unique Anti-Vibration Air Glove line. If you need it, we've designed it.

AVPRO ANTI-VIBRATION GLOVE

Cost-effective Outstanding Protection

Padded with patented foam technology in the palm, fingers, thumb and thumb/web area to help prevent Hand-Arm Vibration syndrome (HAVS) and White Finger Disease. Full finger design with adjustable wrist ensures best hand protection.

Mechanic's Style Design / Non-slip Textured Palm
Enduring Fit, Comfort and Dexterity / Soft, Pliable
Materials For Tactile Feedback

M - XL / #AV7590

AIR GLOVE® LINER FULL FINGER

Full Finger Protection

Designed to be worn under protective glove for extra vibration protection. Breathable, lint-free jersey fabric for cleanwork environments. Utilizing patented Air Glove® technology in the palm, fingers and thumb.

Pull On Style Cuff / Full Finger Design For Better
Hand Protection / Soft, Stretchable Fabric For Tactile
Feedback

XS - XXL / #BG601

AIR GLOVE® LINER HALF FINGER

Maximum Tactile Feedback

Designed to be worn under protective glove for extra vibration protection. Breathable, lint-free jersey fabric for cleanwork environments. Utilizing patented Air Glove® technology in the palm, fingers and thumb.

Pull On Style Cuff / Half Finger Design Offers
Excellent Dexterity / Soft, Stretchable Fabric For
Tactile Feedback

S - XL / #BG505

THE ORIGINAL BLACKMAXX®

Lightweight Feel, Optimum Dexterity

Vibration damping gloves coated with "pods" of lightweight cellular Chloroprene. Encapsulated air to cushion and dampen vibration, giving the user a lightweight feel, and reduced fatigue to hands, arms, and shoulders.

Heavy Duty Vibration Dampening / Enduring Fit,
Comfort and Dexterity / Full Finger Design

M - #VI4731 / L - #VI4732 / XL - #VI4733

3243X

SOLD IN PAIRS
OR CASE OF 10

BLACKMAXXISO

Meets ISO 10819:2013 Anti-Vibration Glove Standard

Using the same technology as the Original BLACKMAXX glove, the BLACKMAXXISO meets the Anti-Vibration glove standard ISO 10819 for maximum protection and dampening effects.

Anti-Vibration / Comfort and Dexterity / Full Finger
Design /

ANTI-IMPACT GLOVES

Laboratory Tested Protection

Protect your hands and wrists from impacts and abrasions. Anti-Impact gloves have various padding materials positioned in multiple places on the hand: palm, back of hand, fingers, thumb web area.

THE ORIGINAL LINER

The 'Original' IMPACTO Glove

Designed to be used under work gloves for extra impact and vibration protection. Four-way stretch polycotton allows full mobility and offers excellent breathability. Contoured VEP padding in the palm.

XS - XXL / #501-00

3231

SOLD IN PAIRS
OR INDIVIDUALLY

LEATHER ANTI-IMPACT GLOVE

Fingerless nylon glove with contoured VEP padding and leather in the palm. Great for protection from material handling, hand tools and power tools.

XS - XXL / #501-20 (GRAIN LEATHER)
XS - XXL / #501-10 (SUEDE LEATHER)

2243

SOLD IN PAIRS
OR INDIVIDUALLY

LEATHER TOOL GRIP - WITH WEB

Fingerless nylon glove with contoured VEP padding and leather in the palm and between the thumb and index finger. Protects from impact and abrasion.

XS - XXL / #502-10 (SUEDE LEATHER)
XS - XXL / #502-20 (GRAIN LEATHER)

2243

SOLD IN PAIRS
OR INDIVIDUALLY

PALM/SIDE PROTECTION GLOVE

Typically used in automotive and assembly for tasks where the hand is used as tool. VEP pad in the palm, edge and back of the hand.

XS - XXL / #503-10 (SUEDE LEATHER)
XS - XXL / #503-20 (GRAIN LEATHER)

1244

SOLD IN PAIRS
OR INDIVIDUALLY

THICK PALM/SIDE PROTECTION

Nylon back, durable grain cover. VEP 1/4" pad in the palm, and side protects from vibration and impact. Fingerless.

XS - XXL / #523-24

2243

SOLD IN PAIRS
OR INDIVIDUALLY

THREE-QUARTER GLOVE LINER

Nylon lycra glove liner with VEP padding in the palm and fingers protects from impact. Recommended to be worn inside work glove.

XS - XXL / #505-00

SOLD IN PAIRS
OR INDIVIDUALLY

FULL FINGER GLOVE LINER

Soft lycra polycotton ensures breathability and hand dexterity with impact absorbing VEP padding in the palm and fingers.

XS - XXL / #601-00

3231

SOLD IN PAIRS
OR INDIVIDUALLY

BLACKMAXX HEAVY HITTER

Heavy-duty cellular Chloroprene padding on the back of the hand. Ideal for jobs where hands are exposed to pinching, crushing and striking.

M - #VI4749 / L - #VI4750 / XL - #VI4751

4242

SOLD IN PAIRS
OR CASE OF 10

BACK TRACKER GLOVES

High-visibility elastic neon green nylon laminated fabric. Heavy duty TPR on back of fingers, thumb and back of the hand. Antislip nitrile dipped palm.

S - XXL / #NS28200

4242

SOLD IN PAIRS
OR CASE OF 12

BACK TRACKER BLADE

Elastic nylon laminated fabric with cut resistant weaving on the entire hand. Heavy duty TPR on back of fingers, thumb and back of the hand.

Antislip nitrile dipped palm.

ANSI-ISEA 105:2016 / CUT RESISTANCE LEVEL A5

S - XXL / #NS29200

4344

CUT
RESISTANCE

SOLD IN PAIRS
OR CASE OF 12

GEL WORK GLOVE

Half finger, gel palm pad protects from impact. Leather palm with nylon back and adjustable wrist tab. Terry cloth back to wipe away sweat.

XXS - XXL / #400-00

SOLD IN PAIRS
OR INDIVIDUALLY

MECHANIC'S IMPACT GLOVE

Full finger, VEP pad protects the palm. Flex lines offer great dexterity. Synthetic suede leather palm, spandex back, wrist tab with hook/loop.

S - XXL / #AV408

1122

SOLD IN PAIRS
OR CASE OF 12

PEARL LEATHER - CONSTRUCTION

Half finger, all heavy pearl leather, 3/16" waffle VEP padding in palm and base of the fingers, hook/loop wrist closure.

S - XL / #460-30

2222

SOLD IN PAIRS
OR INDIVIDUALLY

PEARL LEATHER SERIES - HALF

Optimum manual dexterity. Nylon back allows stretch and breathability. VEP padding in the palm protects from impact.

XS - XXL / #401-30

SOLD IN PAIRS
OR INDIVIDUALLY

PEARL LEATHER SERIES - FULL

Optimum manual dexterity. Nylon back allows stretch and breathability. VEP padding in the palm protects from impact.

XS - XXL / #403-30

SOLD IN PAIRS
OR INDIVIDUALLY

TRIGGER GLOVE

Soft pearl leather palm side. VEP padding in the palm, trigger finger and thumb area. Padded elastic wrist support with adjustable closure.

S - XL / #479-31

SOLD IN PAIRS
OR INDIVIDUALLY

ALL LEATHER GLOVE

Full finger all leather glove. Durable leather style offers optimum abrasion protection. Suede leather safety cuff. Reinforced stitching.

S - XXL / #615-20

SOLD IN PAIRS
OR INDIVIDUALLY

WRIST SUPPORT GLOVE

Fingerless nylon Lycra and grain leather glove with VEP padding in the palm and thumb web area. Detachable grain leather wrist support.

XS - XXL / #704-20

SOLD IN PAIRS
OR INDIVIDUALLY

WRIST SUPPORT LINER

Fingerless glove with wrist restrainer. Four-way stretch breathable polycotton fabric. VEP padding and detachable grain leather wrist support.

XS - XXL / #714-20

SOLD IN PAIRS
OR INDIVIDUALLY

SPECIALTY GLOVES

Ultimate Hand Protection

Specific tasks need specific protection. IMPACTO's range of specialty gloves provide the ultimate hand protection for all your specialized tasks.

THE ORIGINAL DRYRIGGER

Trusted Oil & Water Resistant Technology

The ultimate hand protection for workers in oil and gas extraction, well drilling, mining, mechanics and similar applications. Helps prevent hairline fractures, bruising, pinched fingers, severe cuts, abrasions and crushing injuries

S - XXXL / #WGRIGG

SOLD IN PAIRS
OR CASE OF 10

DRYRIGGER SERIES COOLRIGGER

Superior Breathability

Breathable back fabric resists moisture but allows air flow to keep hands comfortable in hot conditions.

Protect the hand and fingers from impact and abrasions. Designed to ensure excellent dexterity, fit and comfort.

Heavy Duty Impact Protection / Excellent Oil and Water Resistance / Enduring Fit, Comfort and Dexterity / Breathable Back Fabric

S - XXXL / #WGC00LRIGG

3231

SOLD IN PAIRS
OR CASE OF 10

DRYRIGGER SERIES SUB ZERO

Insulated With Thinsulate™

Insulated with 100 grams of Thinsulate™ for use in cold weather conditions. Protect the hand and fingers from impact and abrasions. Designed to ensure excellent dexterity, fit and comfort.

Heavy Duty Impact Protection / Excellent Oil and Water Resistance / Enduring Fit, Comfort and Dexterity / Insulated For Cold Weather Use

S - XXXL / #WGWINRIGG

3231

SOLD IN PAIRS
OR CASE OF 10

DRYRIGGER SERIES SILICONE FREE

Polyurethane Alternative

Offering the same heavy duty impact protection as the other DRYRIGGER Gloves using materials without traces of silicone. Reinforced polyurethane palm for excellent grip.

Heavy Duty Impact Protection / Excellent Oil and Water Resistance / Enduring Fit, Comfort and Dexterity / Cut Prevention Technology

S - XXXL / #WGRIGGSF

SOLD IN PAIRS
OR CASE OF 10

RING PROTECTOR

Ring protector made of tubular construction with serged stitching. Nylon fabric, 1.5" long, 3" circumference.

ONE SIZE / #1000

FINGER PROTECTOR

Protects from abrasion and bruising, full grain leather and VEP padding, nylon back.

S - XL / #101-20

THUMB PROTECTOR

Protects from abrasion and bruising, full grain leather and VEP padding, nylon back.

S - XL / #102-20

THREE FINGER PROTECTION

Three finger protection glove with nylon back, pearl leather fingers, elastic wrist with hook/loop closure, VEP padding.

S - XL / #202-30

MECHANIC'S WORK GLOVE

Palm flex lines offer greater dexterity for manual jobs and tool handling. Synthetic suede leather palm, spandex back, adjustable wrist tab.

XS - XXXL / #WG408

PADDED GLOVE LINER

For use under work glove. Waffle 3/16" pad in front and back of the hand and fingers. Great for confined spaces to protect the back of the hand.

XS - XXL / #507-01

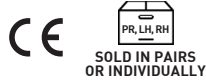

ANTI-FATIGUE GLOVE

Neoprene construction to maintain body heat and massages as it supports to relieve stress and strain. Snug fitting glove for repetitive tasks.

XS - XL / #785-00

ANTI-FATIGUE THERMO GLOVE

Protects hand and fingers from strain and fatigue when doing repetitive tasks. Keeps hands warm providing therapeutic support and compression.

XS - XXL / #TS199

ITECH - TOUCHSCREEN GLOVE

Winter gloves that allow easy use of touchscreen devices without having to take your gloves off. Polar fleece lining keeps hands warm.

S - XL / #ITECH

GLOVE KNIFE HANDLER

Polycotton glove liner with VEP padding provides protection from bruising and cumulative trauma when handling knives like in food processing.

XS - XL / #501-04

LEATHER CARPAL TUNNEL GLOVE

Cowhide leather glove with unique channel over the carpal tunnel keeps pressure off the median nerve. VEP palm pad protects from impact.

S - XXXL / #ST5010

MESH CARPAL TUNNEL GLOVE

Unique channel over the carpal tunnel helps relieve pressure. VEP palm padding protects from impact. Half finger and mesh back for ventilation.

S - XXXL / #ST8610

WRIST SUPPORT

Repetitive Task Support

Designed to help prevent overextension of the wrist while allowing normal range of motion. Maintaining the wrist in a straight position during repetitive tasks to prevent Repetitive Strain Injuries (RSI).

REINFORCED STITCHING
FOR DURABILITY

MULTI-LAYER DESIGN WITH
MOISTURE-WICKING LINING

THERMO WRAP

Prevention, Treatment and Rehabilitation

Designed to help prevent wrist Repetitive Strain Injuries (RSI). Non-porous rubberized material captures body heat, increases circulation and provides compression and support.

XS/S, M, L/XL / #TS226

AMBIDEXTROUS
SOLD INDIVIDUALLY

HAND & WRIST SUPPORT

Pull on standard hand and wrist support with soft breathable lining. Multi-layered design with reinforced stitching for durability.

S - XXL / #TS215 (RIGHT) - #TS214 (LEFT)

WRIST RESTRAINER - DOUBLE

Double elastic strap with hook and loop closure. Flexible spiral stay on palmer and dorset side. Ideal for Carpal Tunnel sufferers.

S - XL / #EL41

WRIST SUPPORT

Pull on standard wrist support with soft breathable lining. Multi-layered design with reinforced stitching for durability.

S - XXL / #TS216

ELASTIC WRIST RESTRAINER - SINGLE

Limit Flexion. Maintain Movement.

Adjustable elastic strap with hook and loop closure. Plastic spiral stays ensures flexibility. Durable support stays limit wrist flexion while still allowing normal movement. Used to restrict the wrist from over-flexion and overextension.

Preventative Wrist Support
Single Strap / Palmer Stays
Cotton Lining For Moisture Wicking

S - XL / #EL40

UNIVERSAL WRAP SUPPORT

Ambidextrous, fully adjustable, neoprene lining. Plastic stays on dorsal and palm sides. Elastic strap with adjustable hook/loop closure.

ONE SIZE / #EL420

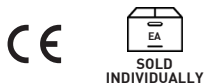

EGGSERCIZER®

Strengthen and Rehabilitate

Ergonomically shaped resistive hand exerciser made of non-allergenic polymer. Latex free, non-allergenic VEP will not crack, leak or melt. Helps rehabilitate and strengthen weakened or injured fingers, hands and wrist.

Latex-Free / Non-allergenic / Ergonomically Shaped / Ideal For Arthritic & Injured Hands

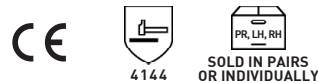

- #1804 - EXTRA SOFT - ORANGE
- #1805 - SOFT - GREEN
- #1806 - MEDIUM - BLUE
- #1807 - FIRM - PLUM

PADDED KNIT WRIST SUPPORT

Made with stretchy knit polyester fabric. VEP pad and suede leather protects the palm. Elastic wrist support with adjustable hook and loop closure.

S - XL / #710-10

NEOPRENE WRAP WRIST SUPPORT

Comfortable All Day Wear

Neoprene fabric keeps area warm to increase circulation. Plastic stays on dorsal and palm side provide additional support. Hook and loop closure. Ideal for prevention of RSI and other cumulative traumas when doing repetitive activities.

Increased Circulation / Preventative Wrist Support
Flexible Plastic Stays / All Day Wear

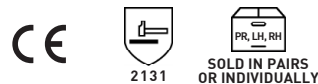

XS - XL / #715-00

ANTI-SLASH WRIST SUPPORT

Glove made with 100% KEVLAR® knit. Grain leather palm and wrist support. VEP padding in the palm protects from impact. Adjustable hook/loop closure.

L - XL / #720-20

ERGOTECH SERIES

High-Energy Absorption

Made with VEP, polyurethane material that combines high-energy absorption with faultless memory. Shock absorption levels of up to 94.7%. Simultaneously absorb shock and isolate vibration at high frequency ratios.

ERGOTECH LINER - HALF FINGER

Made with cotton polyester and has VEP padding in the palm. Impact and vibration protection. Breathable, stretchy and comfortable.

XS - XL / #ER501

3231

SOLD IN PAIRS
OR INDIVIDUALLY

ERGOTECH WRIST SUPPORT

Nylon spandex, black suede leather cover. VEP pad in the palm and thumb web. Elastic wrist support with hook/loop closure. Impact and vibration protection.

S - XXL / #ER509

SOLD IN PAIRS
OR INDIVIDUALLY

ERGOTECH GLOVE - PALM/WEB

Nylon lycra spandex and black suede leather cover. VEP padding in the palm and thumb web. Protects from abrasion, impact and vibration.

XS - XL / #ER502LS

SOLD IN PAIRS
OR INDIVIDUALLY

NEOPRENE WRIST SUPPORT

Seamless wrist support made with neoprene offers an economical and comfortable support without restricting finger movement.

ONE SIZE / #ER101

AMBIDEXTROUS
SOLD INDIVIDUALLY

MALLETS

For Work On Delicate Surfaces

Non-marking, soft mallet with VEP head absorbs and dissipates shock and impact. Its perfect memory ensures a return to original shape even after repeated compressions.
Durometer 67-73 Shore 00.

MEDIUM HEAD - PLASTIC HANDLE

Shock absorption, vibration isolation and acoustical damping. 2.5 x 2.3 x 4 inch head with 11.5 inch plastic, ergonomic handle.

#300-00

SOLD INDIVIDUALLY

SMALL HEAD - PLASTIC HANDLE

Shock absorption, vibration isolation and acoustical damping. 1.75 x 2.75 x 4 inch head with 11.5 inch plastic, ergonomic handle.

#306-00

SOLD INDIVIDUALLY

9 INCH WOOD HANDLE

Shock absorption, vibration isolation and acoustical damping. 1.75 x 2.75 x 4 inch head with 9 inch straight, wooden handle.

#305-00

SOLD INDIVIDUALLY

ERGOTECH SOFT Mallet

Shock absorption, vibration isolation and acoustical damping. 2.5 x 2.3 x 4 inch head with 10.2 inch straight, wooden handle.

#ERSM

SOLD INDIVIDUALLY

ANTI-VIBRATION GRIP KITS

Improved Tool Control

Absorbs and dissipates shock and vibration transmitted by power tools providing a soft anti-slip gripping surface. Easy to use and customize with open or closed handles.

GRIP WRAP

Dampen Shock & Vibration. Improve Grip.

Gripwrap kit includes waffle VEP sheet and self-adhesive silicone rubber tape. Provides a comfortable gripping surface. Easy to customize, simply cut to fit tool handle and wrap.

Shock & Vibration Dampening / Improved Tool Control / Provides Comfortable Gripping Surface

#9066 - 6.5" x 5" x 3/16" SHEET + 1 TAPE ROLL
#9068 - 6.5" x 5" x 1/8" SHEET + 1 TAPE ROLL
#9065 - 13" x 5" x 3/16" SHEET + 2 TAPE ROLLS
#9067 - 13" x 5" x 1/8" SHEET + 2 TAPE ROLLS
#9064 - 13" x 15" x 3/16" SHEET + 6 TAPE ROLLS
#R002: REPLACEMENT TAPE ROLL - 1" wide x 6'

ORTHEX TOOL WRAP

Direct Application For Softer Surfaces

Viscolas is applied directly to the tool providing a softer, more yielding handle surface. Kit includes VEP sheet with PSA backing, 1.75" shrink tubing for open handle tools and alternative wrap tape for closed-ended handle tools.

Shock & Vibration Dampening / Improved Tool Control / Full Flexibility of Hand Movement
Vibration-reducing Elastomer Layer

#VI4711 - 12" x 5" x 1/4" SHEET
#VI4712 - 12" x 5" x 3/16" SHEET

NORTH AMERICA 888 232 0031 / UNITED KINGDOM 0800 0280 243

T-FOAM PROTECTION

Durable, lightweight, high-density closed cell foam. Smooth cover easily slides over various surfaces. Breathable inner liner to help keep cool.

ONE SIZE / #844-00

EXTENDED KNEE PROTECTION

Molded foam padding extended for additional protection. Double, removable elastic straps with hook and loop closure. CoolMax® lining.

ONE SIZE / #845-00

NYLON COVER

Removable nylon cover prevents marring and scratching. Attached dual elastic straps with hook/loop closure. CoolMax® lining.

ONE SIZE / #850-00

MOLDED RUBBER

Anti-slip ribbed surface. Easy on/off replaceable, 1" rubber adjustable straps fasten to plastic buttons. Heavy duty rubber protection.

ONE SIZE / #885-00

PLASTIC COVER

Durable nylon top with sewn-on ribbed plastic cover. Top elastic strap and bottom webbing strap with plastic, side release buckle closure.

ONE SIZE / #826-00

FIRE RETARDANT

Fire retardant FR removable outer cover helps prevent marking delicate surfaces. Dual elastic straps with hook/loop closure.

ONE SIZE / #852-00

HEAT RESISTANT

Snug, quick fitting design, heavy duty rubber protection. Great for use in wet environments. Elastic straps weaved through the knee pad.

ONE SIZE / #880-00

HARD CAP

Foam padding. Durable nylon top cover. Plastic cover attached with grommets. Double elastic straps with hook and loop closure.

ONE SIZE / #827-00

FIRE RETARDANT HARD SHELL

Fire Retardant FR removable outer fabric with Co-Polymer padding. Hinged action hard shell cap with flat surface for stability, dual elastic straps.

ONE SIZE / #877-00

LIQUID RESISTANT

Flexible molded rubber shell with sealed foam lining. Accordion top cover with patterned surface. Removable rubber straps and buttons.

ONE SIZE / #860-00

GEL KNEE COMFORT

Maximum Comfort

Helps prevent knee and hip joint stress by providing long term protection from cumulative trauma injuries. Great for maintenance, manufacturing, construction and industrial applications.

SOFT & DURABLE
NEOPRENE LINER

ENLARGE, HARD
OUTER SHELL

QUICK CLIP
FASTENING SYSTEM

GELITE HARD SHELL

Soft, Durable, Comfortable Protection

Built using a solid injected Gel insert. Plastic sewn on outer cover. Breathable pad and a neoprene liner ensures protection and comfort. Smooth, rounded surface is ideal for applications that require easy sliding. Enlarged hard outer shell offers extra protection.

ONE SIZE / #868-00

EN 14404+A1:2010

100% PVC-FREE

SOLD IN PAIRS
OR CASE OF 24

ALL-TERRAIN GEL KNEE PADS

Improved Stability and Traction

Elevated face absorbs shock and helps support the knee while acting like a suction cap to prevent rocking. Gel injected directly into a donut shaped pad to provide comfortable cushioning. Ballistic nylon outer cover is highly resistant.

Cushioning & Shock Absorption / Extended Knee & Shin Support / Co-Polymer Rubber Cover / Heavy Duty Binding / Wide Lower Strap Reduces Bunching

ONE SIZE / #865-00

NYLON GEL PAD

Nylon outer cover, ideal for delicate surfaces such as hardwood floors and tiling. GEL padding, solid webbing strap with quick-clip-release fastening.

ONE SIZE / #863-00

SHORT ALL-TERRAIN

Sewn-on cover, GEL padding provide maximum comfort with breathable nylon mesh. Elevated face with side extended threads offer extra stability.

ONE SIZE / #864-00

GEL ROUNDED CAP

Co-polymer rounded cover easily slides on smooth surfaces. Breathable nylon mesh covers the padding. GEL padding helps disperse pressure.

ONE SIZE / #876-00

GEL COMFORT LEATHER COVER

Molded polyurethane and GEL injected. Removable snap-on leather cover made with durable cowhide leather. Non-marring surface. Double straps.

ONE SIZE / #865-20

GEL-PRO ARTICULATING

Kneeling, Standing & Walking Comfort

Injected molded polyurethane and Gel padding with articulating feet that grip the surface providing excellent stability. Strapping system positioned above and below the knee eliminates discomfort behind the knee. Quick clip fastening system.

Superior Protection & Support / Long Term Protection / All Around Comfort / Strapping System Reduces Bunching

ONE SIZE / #867-00

FIRE RETARDANT GEL HARD SHELL

100% Cotton , Flame Resistant Fabric

Protects when working around flame or sparks such as when welding or grinding. Fire Retardant FR removable outer fabric. Firm foam padding with GEL centre. Hard shell cap and dual elastic straps. Breathable CoolMax® lining.

Superior Protection & Support / Fire Retardant / Removable Co-Polymer Cover / Hinged Knee Action For Comfort

ONE SIZE / #879-00

KNEE/SHIN "ELIMINATOR"

Pressure Dispersing, All Terrain

Padded with 100% injected GEL and PU foam. Pressure dispersing cover with extended shin protection provides maximum leg protection for serious kneeling jobs. Innovative sliding lower strap easily adjusts to fit different calf sizes.

Heavy Duty Protection / Unique Calf Muscle Fastening System / Non-marring Cover / Maximum Leg Protection

ONE SIZE / #777-00

VISCO-ELASTIC POLYMER

Padded Soft Knee Protection

VEP padding absorbs and dissipates shock and impact. Soft kneepads help minimize damage on delicate surfaces while still offering durability and abrasion protection to the knee.

SUEDE PULL-ONS

Nylon lycra and suede leather knee protector with impact absorbing visco-elastic polymer padding for use on delicate surfaces.

ONE SIZE / #802-10

STRETCH COTTON & NYLON LYCRA

Protects from vibration and impact. VEP padding provides cushioning and dissipates shock. Pull-on style

ONE SIZE / #ER800

POLYESTER & GRAIN LEATHER

Stretch polyester and grain leather kneepads. VEP padding provides impact protection. Adjustable straps with hook and loop closure.

ONE SIZE / #803-20

BLACK SUEDE LEATHER

Stretch cotton and black suede leather knee protector, with impact absorbing VEP padding. Soft leather prevents scratching delicate surfaces.

ONE SIZE / #ER802

LEG PROTECTION

Cumulative Trauma Protection

Your legs take you everywhere, make sure they are properly protected! Customized designs to suit specific tasks and provide protection from impact, shock and pressure point stress.

PULL-ON SHIN PROTECTOR

Easy, Lightweight, Impact Protection.

Pull-on style is easy to fit. Knit elastic offers stretch and comfort. Durable suede leather cover protects from shock and abrasion. Multi-layered foam padding protects from bruising and other cumulative trauma.

Foam Cushion / Enduring Fit, Comfort and Stretch /
Cut Prevention Technology / Impact, Shock and
Abrasion Protection

THERMO SUPPORT

Natural Heat Therapy

Designed for prevention, treatment and rehabilitation of injuries, arthritic pain and repetitive strain. THERMO WRAPS captures body heat, increase circulation and provide compression and support.

THERMO WRAP KNEE SUPPORT

Anatomically Designed 3-Piece Knee

Easy to wear pull-on style. Soft lining wicks away moisture and is comfortable against the skin. Provides protection and support against general wear and tear including sprains, strains and weakened knees.

Compression Therapy / Durable Materials With
Reinforced Stitching / Machine Washable

S - XL* / #TS208

* SEE SIZING CHART 02 ON PAGE 62

THERMO WRAP ANKLE SUPPORT

Multi-Layered Design

Pull-on ankle support for the prevention of repetitive strain injuries. Fits left or right. Natural heat therapy aids in the prevention, treatment and rehabilitation of sports injuries, arthritic pain and repetitive strain injuries.

Compression Therapy / Durable Materials With
Reinforced Stitching / Machine Washable

S - XL* / #TS204

* SEE SIZING CHART 02 ON PAGE 62

THERMO KNEE WRAP PATELLA CUTOUT

Anatomically Shaped for Flexibility

Kneecap is free from compression allowing any tenderness or bruising that may be present on the kneecap itself to not be aggravated. Useful in the treatment of patella dislocation, chondromalacia patella and Osgood-Schlatter disease.

Compression Therapy / Durable Materials With
Reinforced Stitching / Machine Washable

S - XL* / #TS209

* SEE SIZING CHART 02 ON PAGE 62

ANTI-FATIGUE MATS

Sitting, Kneeling or Leaning

Protects from cumulative trauma when kneeling or sitting on hard or uneven surfaces and provides comfort. Available in a variety of padding materials in varying densities for specific protection.

KNEE SAVER™ STRAIN RELIEVER

Strain Protection - Kneeling & Crouching

Limits the range of knee flexion, relieving stress on the joints, tendons and cartilage. Molded polyurethane foam for comfortable support. Ideal for roofers, plumbers, electricians, skilled trades, tile layers, gardeners, landscapers and more.

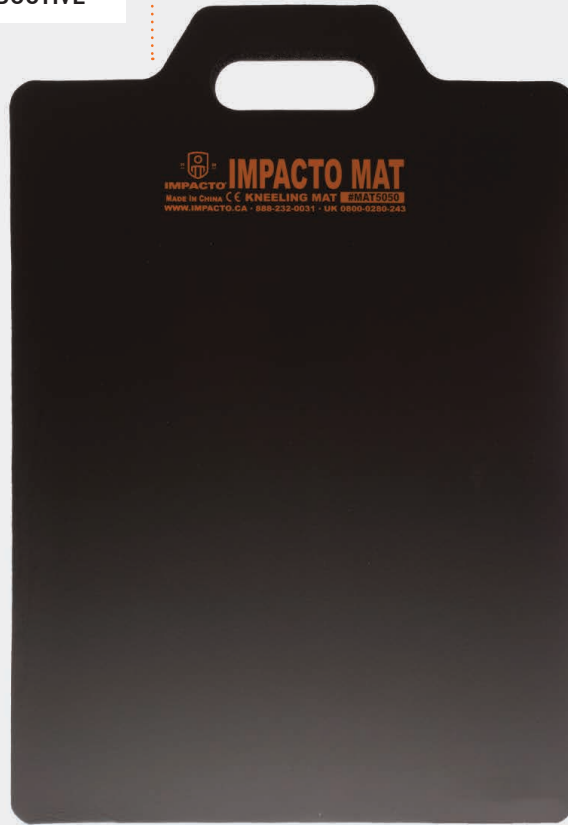

Adjustable, Dual Elastic Straps / Durable, Easy to
Clean Surface / Uniquely Notched, Anti-Slip Back

ONE SIZE / #890-00

SELF-EXTINGUISHING
AND NON-CONDUCTIVE

BUILT IN HANDLE
FOR EASY CARRYING

LARGE KNEELING MAT

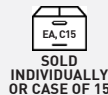

Designed For Severe Kneeling Conditions

Resilient closed-cell foam with convenient, built-in handle. Helps reduce knee trauma and lower back pain. Does not compress or absorb liquids. Silicone-free.

Fully washable. Impervious to petroleum products.

Self-Extinguishing; meets the 49 CFR 571.302 Flammability Standard

14" x 21" / #MAT5050

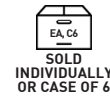

MEDIUM X-STANDING MAT

Anti-fatigue standing mats with beveled edge and safety strip help reduce impact and fatigue on the feet, legs and back while standing for long periods.

Self-Extinguishing; meets the 49 CFR 571.302

Flammability Standard

16" x 28" / #MAT5020

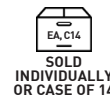

SINGLE KNEE MAT

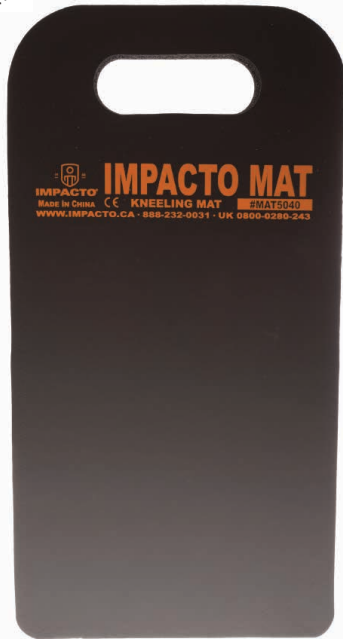

Personal mat designed for a single knee. Used in many industries where kneeling is required. Often used by utility workers and in manufacturing plants.

Self-Extinguishing; meets the 49 CFR 571.302

Flammability Standard

4" x 6" / #MAT5000

MEDIUM KNEELING MAT

Oil & Water Resistant Technology

Designed for kneeling in severe conditions such as on steel, concrete, gravel, grating, wet surfaces, dirt and mud. Used in many industries where kneeling is required. Often used by utility workers and in manufacturing plants.

Self-Extinguishing; meets the 49 CFR 571.302 Flammability Standard

Heavy Duty Kneeling Protection / Silicone-Free / Self Exstinguishing & Non-Conductive / Fully Washable / Impervious to Petroleum

8" x 16" / #MAT5040

SOLD INDIVIDUALLY OR CASE OF 36

LARGE X-STANDING MAT

Oil & Water Resistant Technology

Provides comfortable support and cushioning when standing all day. Helps reduce knee trauma and low back stress. Used in many settings where all-day standing is required such as manufacturing or packaging.

Self-Extinguishing; meets the 49 CFR 571.302 Flammability Standard

Heavy Duty Kneeling Protection / Silicone-Free / Self Exstinguishing & Non-Conductive / Beveled, Safety Strip Edge / Impervious to Petroleum

16" x 28" / #MAT5020

18" x 36" / #MAT5030

SOLD INDIVIDUALLY OR CASE OF 6

FOAM KNEELING PAD

Dense inner core material with textured surface and convenient cut-away handle. Water resistant and lightweight. Great for gardening.

14.5" x 13.25" x 1" / #CUD818

SOLD INDIVIDUALLY OR CASE OF 35

VINYL KNEEL PAD

Closed cell PVC foam pad. Easy to clean vinyl coated surface. Convenient built-in hand shaped carrying handle. Repels water.

18" x 7" x 7/8" / #KNEELPAD

SOLD INDIVIDUALLY OR CASE OF 50

39

58 / SEAT CUSHIONS

LUMBAR SUPPORT

Cushion, Support & Stabilize

Encourage proper alignment of the lower back, keeping muscles properly elongated and in a resting state. In this condition muscles are less prone to initial or continuous injury.

AIR BELT® AIR PLUS

Patented Technology. Superior Support.

Multi-cell pneumatic Air Bladder Technology employs air as the primary element to not only effectively support but to cushion and stabilize providing optimum anatomical conformance with firm supportive pressure to specific muscles.

Alleviate Pain & Discomfort / Promotes Muscle Relaxation / Improves Posture / Durable, Moisture Wicking Materials / Interconnected Air Chambers

#APSM - FITS WAISTS 25" - 35"

#APLXL - FITS WAISTS 36" - 50"

AIR
BLADDER SYSTEM

SOLD
INDIVIDUALLY

THERMO WRAP BACK SUPPORT

Contoured shaped back support. Soft, breathable lining. Helps keep the skin warm to promote blood flow. Natural heat therapy and support.

S - XL* / #TS213

* SEE SIZING CHART 14 ON PAGE 67

IMPACTO®

Impacto Protective Products Inc. is a privately owned, Canadian company that serves the exclusive needs for worker safety. We have been manufacturing and marketing specialized personal protective equipment since 1988.

OUR PRINCIPLES

> OUTSTANDING PRODUCT PERFORMANCE

Protection, prevention and comfort.

> QUALITY SOLUTIONS

Only by thoroughly understanding your unique situation, can we deliver lower Worker's Compensation costs and better protection for your employees.

> CUSTOMIZED SOLUTIONS

We can design custom products, develop prototypes and produce small runs to meet your requirements.

> NO-NONSENSE SERVICES

From first contact to plant evaluations to designing new products. We'll work closely with you at a level that is comfortable for you.

> CLIENT PARTNERSHIP

Lowering Worker's Compensation Claims by successfully preventing injuries requires close cooperation. Working together, we can both be successful.

OUR QUALITY POLICY

We are devoted to developing new, innovative products that provide protection from vibration, impact and repetitive motion. That means we are committed to:

- > Customer Satisfaction
- > Continual improvement of our products, processes and quality management system.
- > Expanding our markets by developing new, specialized personal protective equipment.
- > Optimizing employee participation in product improvement and customer service.
- > Employee training and enhancement of the workplace environment.
- > Compliance with stated quality requirements as documented in our Quality Management System based on ISO 9001:2008
