

Viscolas BLUE DOT Anti-Fatigue Heel Cups

- > Medical-grade silicone cushion
- > The cupped design forces the fatty pad of the heel (the body's own natural defense against skeletal shock) downward for extra protection
- > Ideal for the vigorous athlete or for anyone whose normal routine requires distance walking
- > Cups the heel area to enhance natural shock defense system
- > Hypo-allergenic, non-irritating, resistant to fungal and bacterial growth
- > Help reduce symptoms of heel strike injuries such as tendonitis, heel spur, plantar fasciitis, shin splints
- > Designed to attenuate skeletal shock, reducing potentially damaging forces on weight-bearing joints
- > Comfortably fits in most types of boots and shoes
- > Lightweight and flexible for continuous wear
- > Other Styles:
