

# IMPACTO® KNEE PROTECTION

## Fire Retardant Knee Pads

- › **CAP:** Removable Co-polymer hard shell cover, hinged action bends with your knee, ribbed surface helps prevent slipping, flat face for stability.
- › **PADDING:** Firm foam padding, breathable CoolMax® lining.
- › **COVER:** Padding is covered with 100% cotton durable flame resistant fabric.
- › **CLOSURE:** Double elastic straps attached with hook and loop closure. Straps are double stitched and back stitched for reinforcement.
- › Protects from cumulative trauma injuries
- › Provides protection when working around flame or sparks such as when welding and grinding.
- › Excellent solution for industrial, assembly, manufacturing and construction applications.
- › **Variations:**  
879-00 - with added GEL padding  
852-00 - without hard shell cover
