

TURBOTOE Steel Toe Cap Overshoe

Protects toe area from accidental impact, crushing and stubbing. Ideal for visitors and temporary workers in areas where steel toe cap protection is mandatory. Meets Impact and Compression Resistance 75 LB. Rating per ASTM F2412-18/F2413-17.

UOM: PR, Case Qty: 8, Size: XXXS-XXXL
 MSC #73209256 (XS) MSC #73210312 (S)
 MSC #73231151 (M) MSC #73210924 (L)
 MSC #73291056 (XL) MSC #73209272 (XXL)

TURBOTOE Composite Toe Cap Overshoe

Composite toe cap overshoe protects toe area from accidental impact, crushing and stubbing. Lightweight and non-conductive alternative. Meets Impact and Compression Resistance 75 LB. Rating per ASTM F2412-18/F2413-17.

UOM: PR, Case Qty: 8, Size: XS-XXL
 MSC #20735213 (XS) MSC #73266496 (S)
 MSC #73289837 (M) MSC #73289852 (L)
 MSC #20735312 (XL) MSC #73231219 (XXL)

METGUARD Metatarsal Guard

Lightweight and extremely durable polycarbonate metatarsal protector. Designed to compliment steel toe cap footwear. Secured with existing laces or optional strap.

UOM: PR, Case Qty: 20, One Size
 #METGUARD MSC #79152252
 Optional Attachment Strap: MSC #72075518

METGUARDPRO Metatarsal Guard

Extended metatarsal protector to cover toe area. Lightweight and extremely durable.

UOM: PR, Case Qty: 20, One Size
 #METGUARDPRO MSC #73211013
 Optional Attachment Strap: MSC #72075518

IMPACTOE Steel Toe Cap Overshoe

Fits tight over existing shoes. Made of molded injected seamless vulcanized rubber. 100% waterproof. Anti-slip sole, resistant to acid, oil and other substances. Will not stiffen or crack in cold conditions. Meets Impact and Compression Resistance 75 LB. Rating per ASTM F2412-18/F2413-17.

UOM: PR, Case Qty: 6, Size: XXS-XXL
 MSC #73291940 (XS) MSC #73208043 (S)
 MSC #73209173 (M) MSC #73208985 (L)
 MSC #73290454 (XL) MSC #73209306 (XXL)

MIDCLEAT Ice Traction Cleats

Mid-sole anti-slip ice traction cleats. HISS and reflective adjustable strap. Replaceable cleats. Ideal for workers moving outside to inside frequently. Available in steel or brass cleats.

UOM: PR, One Size, Case Qty: 20
 #MIDCLEAT-100-00 MSC #16771941 (Steel Cleats)
 #MIDCLEAT-100B-00 MSC #73208316 (Brass Cleats)

STRIDE Ice Traction Cleat Overshoe

Full boot ice traction cleats designed to fit over steel toe footwear and large winter boots. Multi-directional traction plates bite into ice and snow. Available in steel or brass cleats.

UOM: PR, Case Qty: 10, Size: S-XL
 #STRIDE20 MSC #73252678 (W 4-8)
 #STRIDE30 MSC #16790008 (W 8.5-12 / M 7.5-10)

KNEE PROTECTION

865-00 Gel Comfort Knee Pads

All-terrain protection. Gel filled padding provides maximum comfort and protection when working on your knees for long periods. Co-polymer thermoplastic rubber prevents marring and scratching on delicate surfaces.

UOM: PR, Case Qty: 18
MSC #73208068

868-00 GELITE Hard Shell Knee Pads

Solid inject gel insert with sewn on outer cover. Smooth, rounded surface ideal for applications that require easy sliding. Non-marring prevents scuffing or marking delicate surfaces. Soft fabric lining wicks away moisture and provides comfortable wear. Double elastic straps.

UOM: PR, Case Qty: 24
MSC #73289332

864-00 Gel Comfort Knee Pads

Short all-terrain protection. Lightweight gel padding provides comfortable knee cushioning. Elevated face improves stability and traction. Absorbs impact and helps support the knees when kneeling for long periods. Double elastic straps.

UOM: PR, Case Qty: 24
MSC #73252876

Anti-Fatigue Kneeling Mats

1" closed-cell foam kneeling mat. Oil and water resistant. Silicone free and non-conductive. Self-extinguishing, meets 49 CFR 571.302 Flammability Standard.

UOM: EA
#MAT5000 4"x6" Case Qty: 14 MSC #79429205
#MAT5040 8"x16" Case Qty: 36 MSC #73209082
#MAT5050 14"x21" Case Qty: 15 MSC #79429270

825-00 Hard Shell Knee Pads

Hard shell with co-polymer foam padding. Flat, ribbed surface provides stability and helps prevent slipping. Moisture wicking. Double elastic straps.

UOM: PR, Case Qty: 20
MSC #73236283

840-00 Foam Knee Pads

Lightweight and economical. Form fitting with co-polymer padding. Moisture wicking. Ribbed surface to help prevent slipping. Single strap.

UOM: PR, Case Qty: 20
MSC #73210775

895-00 TurboKnee Hinged Knee Pads

Molded foam knee pad with hard outer shell. Hinged design extends protection and keeps dirt and debris away from the knee. Dual strapping eliminates discomfort behind the knee.

UOM: PR, Case Qty: 24
MSC #73209199

HAND PROTECTION

BG408 Mechanic's Air Glove

Maximum vibration and impact protection utilizing patented Air Glove technology in the palm, fingers and thumb. Mesh back, synthetic anti-slip palm. ANSI/ISO 10819 Certified.

UOM: PR Size: XS-XXL
#BG40840 (L) MSC #56623465

Impact Protection Glove Liner

Designed to be worn under work gloves for extra impact and vibration protection with VEP padding in palm. Four-way stretch polycotton fabric allows full mobility and excellent breathability.

UOM: PR, EA (left or right hand) Size: XS-XL
#501-00 (L, PR) MSC #41043159

Suede Leather Anti-Impact Glove Liner

VEP padding in palm protects from impact and shock. Suede leather cover offers abrasion protection and glove durability. Fingerless style offers tactile feedback and mobility.

UOM: EA (left or right hand) Size: S-XL
#501-10 (L, RH) MSC #46635637

Grain Leather Anti-Impact Glove Liner

VEP padding in palm protects from impact and shock. Grain leather cover offers abrasion protection and glove durability. Fingerless style offers tactile feedback and mobility.

UOM: EA (left or right hand) Size: S-XL
#501-20 (L, RH) MSC #46635637

Pearl Leather Half Finger Impact Protection

Soft pearl leather palm and nylon back offers optimum manual dexterity. VEP padding in the palm. Protects from impact, shock and abrasion.

UOM: EA (left or right hand) Size: S-XL
#401-30 (L, RH) MSC #46635637

Ergotech Glove with Wrist Support

VEP 1/8" dimple padding in the palm and thumb web area protects from impact. Detachable padded elastic wrist support prevents over flexion and over extension of the wrist.

UOM: PR Size: S-XXL
#ER509 (L) MSC #69943769

503-20 Anti-Impact Fingerless Glove

VEP padding in the palm, edge, and back of hand provides excellent protection from impact and shock during automotive applications. Nylon fingerless fabric offers breathability, comfort and tactile feedback.

UOM: PR, EA (left or right hand) Size: XS-XL
#503-20 (L, PR) MSC #75124388

523-24 Leather Anti-Impact Glove

Contoured 1/4" VEP padding in the palm to the wrist joint and back of hand, providing protection from impact and shock. Fingerless style with grain leather cover.

UOM: PR Size: XS-XL
#523-24 (L) MSC #08086134

Full Finger Anti-Impact Glove Liner

Polycotton glove liner with VEP padding in the palm and fingers. Full finger style designed to be worn under work gloves or by itself in clean applications.

UOM: PR Size: S-XXL
#601-00(L) MSC #69943769
