

IMPACTO® SORBO-AIR INSOLES

Air-infused Sorbothane foam offers lightweight comfort with the addition of a 100% Sorbothane layer for heel strike protection and cushioning. Molded with a cupped heel for rear foot stability. Molded design with a cupped heel offers great rear foot stability. Antibacterial fabric cover wicks away moisture.

- Ergonomically designed to provide cushioned support and shock absorbing comfort
- Versatile insoles provide arch support, comfort, and shock protection
- Helps protect against back and knee pain and foot injuries such as plantar fasciitis
- Advanced polyurethane layer cushioning, support, rebound for less “pounding” per step
- Sorbothane insoles have proven to be a great defense against foot pain, back pain, and related injuries such as Achilles tendonitis, runner’s knee and shin splints
- Lightweight, breathable and antifungal
- Great with athletic or work shoes and boots
