

Viscolas® RELIEVERS Anti-Fatigue Insoles

- Viscolas Is the only visco-elastic polymer formulated for orthopedic application
- Reliever insoles help reduce symptoms of heel strike injuries such as tendonitis and shin splints
- Non-irritating, resistant to fungal and bacterial growth and can easily be cleaned with soap and water
- Reduces shock to the foot, leg and heel to decrease back and joint pain
- Great for arthritis of weight-bearing joints and postoperative conditions
- Used to provide relief from fatigue and pain
- Help reduce heel, foot, knee, leg and low back pain or to help with conditions such as plantar fasciitis or heel spur
- Can be comfortably worn with low-cut dress shoes, sports shoes, work shoes and boots
- Soft viscoelastic polymer won't "bottom out" with special surface tackiness adhesive to keep in place, moisture wicking fabric cover
- Natural tackiness of components can be increased with an application of alcohol or decreased with a dusting of talcum powder
- Latex free
- Silicone free
